## BEST PAPER AWARD

### The Award

The C<sup>3</sup> - Carbon Concrete Composite e. V. honours a "BEST PAPER AWARD". Researcher or a group of researchers can apply for this award. Applications are open to researchers or research groups who have made an outstanding scientific contribution to the further development of the composite material carbon reinforced concrete or the carbon reinforced concrete-construction method.

Theoretical/conceptual as well as empirical/methodological work can be considered. Papers that do focus only on the data collection of already published results, using scientific findings to answer the research question of content, are not taken into account. Aspects such as depth of content, originality and presentation of the work are taken into considerations.

The prize is funded with 2,000 euros and will be presented at the "12th Carbon and Textile Reinforced Concrete Days" conference in Dresden, Germany.
